## Introduction

- Overview of world development indicators
  - *Data Source:* [World Development Indicators](#)
- 

## Summary Statistics

Table 1: Summary statistics of key economic indicators

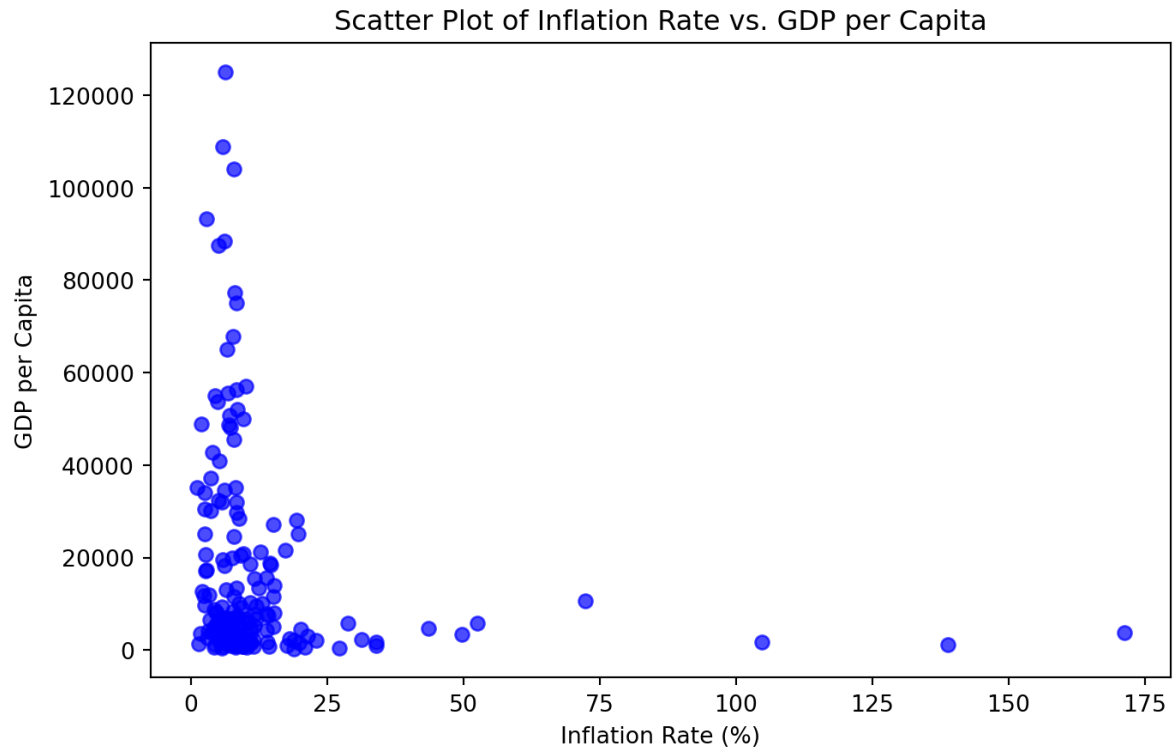

Statistic	Inflation Rate	Exports GDP Share	GDP Per Capita
Count	169	169	203
Mean	12.49	46.17	20345.71
Std Dev	19.68	34.00	31308.94
Min	-6.69	1.57	259.03
Max	171.21	211.28	240862.18

---

## GDP per capita by country

**Figure:** A bar plot showing the GDP per capita by country

---

## Conclusion

- Some key indicator of world development are inflation rate and GDP per capita
- Further analysis can explore deeper relationships between variables
- Data-driven policymaking is important for economic growth!
